

WE ARE BUILDING

together

PINNACLE ADMINISTRATOR HOUSE

WE ARE BUILDING PINNACLE!

We have five priority building projects and have begun the first project – **a new staff house**. The house plans are set and the land has been cleared! We are seeking volunteers to help with the building. We need skilled volunteers and can also use some volunteers who only have a willing heart and a willingness to follow directions!

The 2021 flexible timeline is:

- 1st Quarter – Dry In
- 2nd Quarter – Mechanicals/Exterior and Interior Finishes
- 3rd Quarter – Finalize Exterior and Interior Finishes/Landscaping

North American Mission Board Missionaries, Jack McCormick and Sharon Fields-McCormick are on site at Pinnacle as the Construction Project Coordinators. They have years of experience leading volunteer building projects including projects in several associations in Georgia.

VOLUNTEER WITH US

We are looking for church groups, association groups, and individuals to join us on this exciting project at Pinnacle Retreat Center! Please share this need with your friends, family, church, association, networks, and mission groups you know that have served in building projects in the past. We will work with individuals/groups on dates, lodging and food options.

If you are not able to volunteer for the building, other needs are:

- Prayer
- Meals for building volunteers
- Give to the Capital Campaign (**GeorgiaBaptistWomen.org/Give**) for the purchase of building materials and other supplies.

To volunteer:

- E-mail: **CampPinnacleProjects@gmail.com**
- Complete on-line form at **PinnacleRetreatCenter.com/BuildingPinnacle**

It will take all of us together to build Pinnacle!
